CAREER OBJECTIVE

Aspiring Artificial Intelligence and Machine Learning student with a solid foundation in programming, web development, and data engineering. Seeking opportunities to apply my knowledge in real-world projects and grow continuously in the tech field. Passionate about leveraging cutting-edge technologies to solve complex problems and contribute to innovative solutions.

EDUCATION

B.Tech in Artificial Intelligence and Machine Learning

Expected 2027

Kamala Institute of Technology and Science (KITS), Telangana

CGPA: 7.4

Intermediate (MPC)

2021 - 2023

IPS Prime Jr College

Percentage: 72.6%

SSC (10th)

2021

Ekashila Techno School

GPA: 10

TECHNICAL SKILLS

Languages: C, Java, Python

Frontend: HTML5, CSS3, JavaScript

Database: SQL (data handling, queries)

Cloud: AWS (Data Engineering)

INTERNSHIP EXPERIENCE

Virtual Internship - Data Engineering

10 Weeks

AWS Academy

- Designed and built end-to-end data pipelines using AWS services including AWS Glue, S3, and Redshift
- Implemented ETL processes and managed cloud-based workflows for efficient data processing
- Gained hands-on experience with real-world data engineering tasks and best practices

ACADEMIC PROJECTS

Restaurant Management Website

2024

- Developed a full-stack online platform for food delivery and quick service management
- Designed engaging UI with smooth animations for enhanced user experience
- Implemented responsive design principles ensuring compatibility across all devices

CERTIFICATIONS

- AWS Academy Data Engineering Virtual Internship Certificate

SOFT SKILLS

Problem-solving

Critical thinking

Effective communication

Team collaboration
